FILE COPY

August 7, 1986

Richard F. Celeste, Governor

RE: MARBLE CLIFF QUARRIES
DUMP
FRANKLIN COUNTY
OHD980510226

Mr. John S. Kaufman, President
Kaufman Investment Company
2151 East Dublin-Granville Road
Suite B283
Columbus, Ohio 43229

Dear Mr. Kaufman:

Thank you for reviewing the Preliminary Assessment for the Marble Cliff Quarries site and providing comments. Such information is an important part of Ohio EPA's fact finding goal for sites where historical records may be scarce or questionable.

Your letter included two important facts which Ohio EPA would like to clarify. One is the location of the CCF dump site. Your comments in the letter raise the question whether the dump site our field staff visited was the CCF site or the community landfill. To clarify this issue we would be happy to meet with you or your representative to walk over both the CCF site and the community landfill site.

The second important fact is your description of the surface and subsurface geology in the area of the landfill(s) and that test borings were done. Please forward copies of any such data to me for inclusion in the file. In addition, please send a copy of the study done at the site by a consultant hired by your company as discussed during our February 5, 1986 telephone conversation.

We appreciate the information you have provided which will be incorporated into the file and used to update the Preliminary Assessment.

If you have any questions or comments please contact me at (614) 466-8934.

Sincerely,

William M. Schneider
